SWIMMING POOL  
HEAT PUMPS™

IT'S TIME...

TO HEAT  
YOUR POOL

# Gulf Stream™

SWIMMING POOL  
HEAT PUMPS

2 Years Labor/10 Years Parts- Limited Warranty

\*See complete warranty for details

## Features Performance and Efficiency

- Super Sized Evaporator Coil (Patent Pending)
- 100% Full Flow Titanium Turbo Heat Exchanger
- Ultra-Quiet 825rpm Fan Motor
- Thermal Expansion Valve
- Chill Buster (optional)

## Intelligent Control and Design

- Sensible Automation
- Solar Ready Differential Control
- Advanced Diagnostic LCD Display
- Even Heat
- Triple Thermostat
- Durable ABS Cabinet

## State of the Art Manufacturing

- Helium (He) Testing
- Mass Flow Charging
- Interlocked testing Stations
- Final Run Test

## Benefits

This is where efficiency begins (4 sided design)  
Higher Performance in colder weather  
Largest in the Industry

Lifetime warranty against corrosion  
100% Titanium - Not Titanium Alloy  
Turbo design for maximum heat transfer into your pool  
All 2" plumbing to maintain efficient full water flow

Ultra-Quiet and efficient operation only 56db

Refrigerant regulated for maximum efficiency in all types of weather

Reverse Gas defrost allows heating in conditions below freezing  
Units can also cool the pool

Capable of automating your pool/spa combo  
Controls valves and thermostat operation  
Compatible with all external automation

Automate your solar pool heating for the perfect hybrid system  
Maximizes efficiency and control

Notifies you of potential service issues in real words –not codes  
Back lit display, multiple languages, and digital lockout standard

Override the timer to maintain your desired temperature anytime

Individual controls for pool, spa and solar thermostats

Rattle free. Rust proof. UV protected for lifetime durability

Virtually eliminates refrigerant loss, ensuring optimized performance  
Factory detection 100 times more accurate than our competitors

Computerized refrigerant filling with no human error  
Accurate to 1/100th of an ounce ensuring each unit is "Perfect"

Computerized quality control testing process can't be bypassed

Tests every component, in every unit, every time  
A "Perfect" unit every time for the ultimate piece of mind

Units Specs	HE 90	HE 110	HE 125	HE 150
BTU/COP* <small>Outside of AHRI 1160 Test Standard</small>	90,000/6.3	110,000/6.4	120,000/6.3	136,000/6.0
AHRI High Test Point	84,000/5.8	99,000/6.0	109,000/5.9	124,000/5.4
AHRI Low Test Point	56,000/4.0	66,000/4.1	74,000/4.1	85,000/4.0
Min Amps/Max Breaker	36/40	37/40	37/50	37/50
